Welcome to March! It's not quite time to put the snow shovels away but it is probably time to ensure your emergency plans are up to date. While this year may not be as dry as previous years, there is always a fire risk in the summer. Now is the time to ensure that you have a plan in place. Come listen to a speaker from the Colorado Emergency Preparedness Partnership at our March luncheon.

April's meeting will be the yearly combined meeting with IREM/BOMA/IFMA on Wednesday, April 10th. More information will be coming soon.
