This month, the Pikes Peak Chapter is back at our regular place and time. Come out and have a great meal at Biaggi's and listen to a great presentation by the organization that we sponsored at last years golf tournament. Speaking of the golf tournament, it's probably time to dust off your clubs and sign up for the 2019 tournament. More information is listed below.

If you are interested in being more involved with the local chapter, reach out to a board member. There are definitely opportunities available and we would be more than happy to discuss them with you.

I would like to thank the Pikes Peak Chapter of IFMA for the opportunity to attend Facility Fusion 2019 in Atlanta. The experience was awesome from the keynote speakers inspirational stories to the educational sessions and the facility tours. During this conference I made a decision to stay on the Leadership Development track for my education. I learned a lot about different types of leadership and how to become the kind of leader I would like to be. I was also able to tour the worldwide headquarters of a law firm called Troutman Sanders and the administrative offices for Coca Cola. Atlanta was great, the weather was perfect and the southern hospitality was amazing. Facility Fusion has peaked a renewed interest for me in the Facilities Management field and I’m excited to keep moving forward. Thank you again for choosing to send me to this event!
